

## 2 Step Polymer Detection System

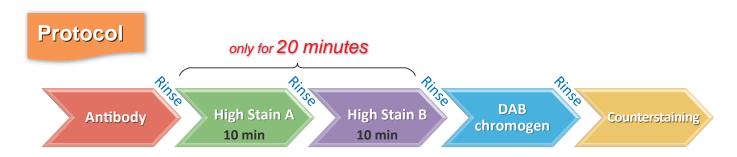

For Human Tissue Sections

# **M**-Histofine<sup>®</sup> High Stain<sup>™</sup> HRP (MULTI)

### **Feature**

M-Histofine® High Stain™ HRP (MULTI) is a detection system to IHC staining providing enhanced staining performance adopted Universal Immuno-enzyme Polymer (UIP) method (US. Patent No. 6,252,053) developed by Nichirei Biosciences Inc. It is applicable to detection of mouse primary antibody and rabbit primary antibody for formalin-fixed paraffin-embedded human tissue sections. It is the labeled polymer prepared by combining amino acid polymers with multiple molecules of peroxidase (HRP) and secondary antibody which is reduced to Fab' fragment. To eliminate background staining, solid-phase adsorption of secondary antibody is carried out with human serum.

# **Benefits**

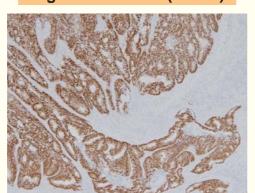

- High intensity of staining
- Low expression of antigen is detectable
- No background unaffected by endogenous biotin
- Applicable to mouse or rabbit primary antibodies
- Shortened reaction time only for 20 minutes

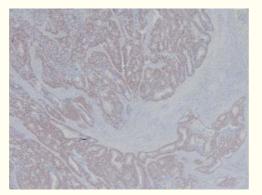

Saving your primary antibodies

# CDX-2 Rabbit-Monoclonal antibody (Code: 418011F)

### **M**-Histofine<sup>®</sup> High Stain™ HRP (MULTI)

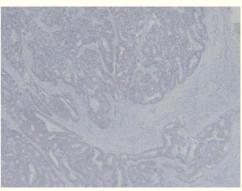

# Positive reaction is observed in nuclei of tumor cells.

**Human colon cancer** 

× 1

Dilution of primary antibody

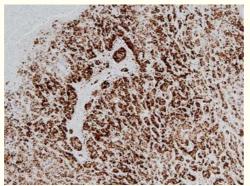

× 5

Cyclin D1 Rabbit-Monoclonal antibody (Clone: SP4) (Code: 413521F)

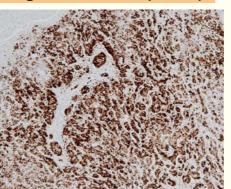

### **N**-Histofine® High Stain™ HRP (MULTI)

Dilution of primary antibody

× 1

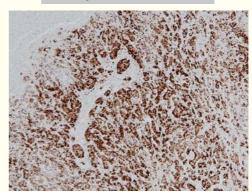

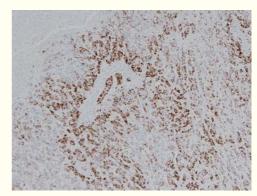

× 5

Human breast cancer (metastasis to liver)
Positive reaction is observed in nuclei of tumor cells.

### **Competitive Product**

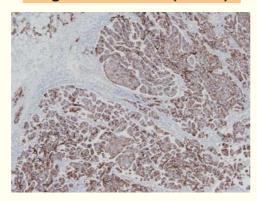

EGFR Mouse-Monoclonal antibody (Clone: 31G7) (Code: 423701F)

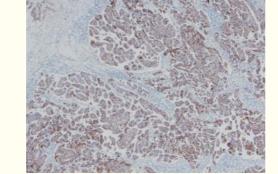

**N**-Histofine® High Stain™ HRP (MULTI)

Dilution of primary antibody

× 1

× 5

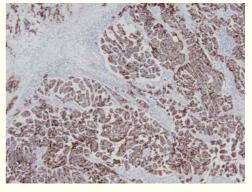

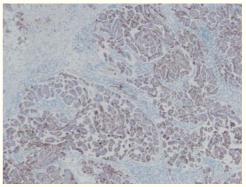

### **Human colon cancer**

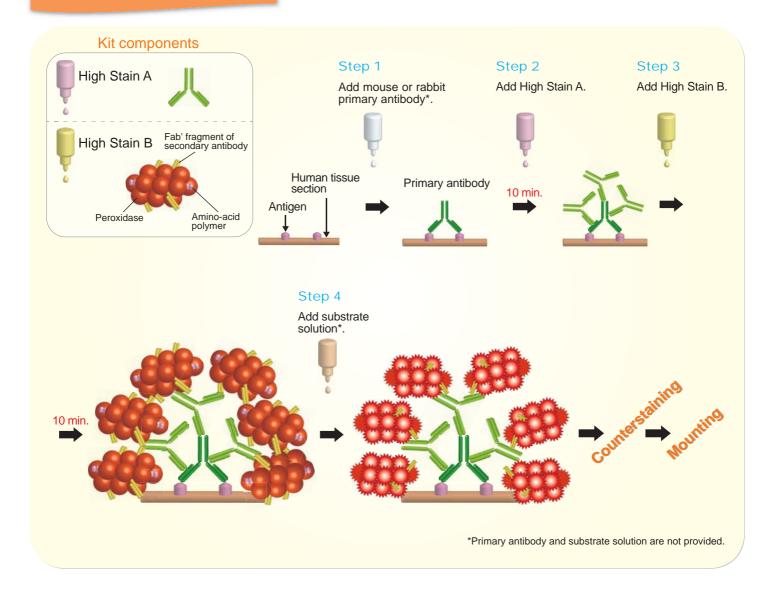

Positive reaction is observed in cytomembrane and cytoplasm of tumor cells.

### **Competitive Product**

## Principle & Procedure

## **Product List**

### Liquid. Ready to use.

Product Name	Tests	Volume	Code	For use with
<b>M</b> -Histofine <sup>®</sup> High Stain <sup>™</sup> HRP (MULTI)  High Stain <sup>™</sup> Solution A  High Stain <sup>™</sup> Solution B	170	17ml each	414481F	nrimary antibody
	1,000	17ml x 6 each	414483F
